

This is the Store

And Here is the Occasion for
Careful Clothes Buyers!

The fine art of wise buying is acquired only by care in selection. You have no one but yourself to blame if you buy a suit of clothes with the careless unconcern with which you would buy a postage stamp and then find it far from satisfactory. To the man who will go deep into the matter of good clothes—who will use painstaking care in the selection—there is a peculiar satisfaction in the good products of our guaranteed clothes, and we have no fear that he will go further in his careful search. Let us show you these splendid satisfying clothes today.

Prices, \$10 to \$25.

Speechless For Thanks

Miss, Ark.—"I find Cardui to be all you represent," writes Mrs. H. B. York of this city. "I suffered from womanly ailments for nearly two years before I tried Cardui. I have been so relieved since taking it, I cannot say enough in its praise. It has done me a world of good, and I recommend Cardui to all women." Cardui is over 50 years old, and the demand is greater today than ever. Cardui is the standard tonic medicine for women of every age. Would you like to be well and strong? Then take Cardui. Its record shows that it will help you. Begin today.

Why wait?

The will of the late Miss Frances Lambrooke was left for record this morning.

Mrs. Emma Jennings of West Second street has been granted a pension of \$12 per month.

Reduce the Cost of Heating

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE 4 TO 10 PER CENT OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it to be. It is giving perfect satisfaction. 4-5 worth of coal will heat the entire house, ten rooms, for the season. The flues in our living room have been burning continuously and look like hot-house plants."

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition. Special inducements for those who buy now.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it is like a rubber hose closed or partially closed, and the sound vibrations are absorbed by the inflamed membrane. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
